**Convenor:**

Andrew MacIntyre  
Director, Research School of Asia and the Pacific,  
College of Asia and the Pacific, ANU

The Research School of Asia and the Pacific is launching an annual symposium exploring major themes arising from this part of the world. In 2011 it will focus on change in India and the implications of this for a number of wide-ranging debates across India, the region and the world. This year's RSAP Symposium is designed as much for those who do not follow India closely as those who do.

A rich array of speakers and discussants is gathering for the event. The symposium website has links for each of their profiles.
